A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region; dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong, and vigorous health and virility, making motherhood possible, where there was barrenness before, thereby brightening and gladdening many happy mahy thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Write Dr. R. V. Pierce. He will send you good, faithful, professional advice, in a plain, sealed envelope, absolutely free. Address him at Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets do not gripe. They effectually cleanse the system of accumulated impurities.

The People's Common Sense Medical Adviser, by Dr. Pierce, 1008 pages, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address as above.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich. Two sizes—50 cents and $1.00.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

GREATER ALEXANDRIA.

Shelton, Nelson Co., Va., April 17.

I have in my letters aimed to show your readers the importance of the coal and iron ore territory tributary to the twin cities of Washington and Alexandria as a principal means of development of these cities, Alexandria being the natural terminus of transportation to those minerals and the point for the great manufacturing interests that actually should develop in the capital city, making Alexandria a city of not less than one hundred thousand population in a few years.

A comparison with the capitals of all the great nations shows this to be what belongs to your city as her natural right; a result retarded by circumstances, but which the present time is opportune for bringing forth.

To accomplish this, Alexandrians must assist; Alexandrians must prove themselves what they always have been, men capable of doing things; and in this matter men capable of doing great things. Alexandria was one of the first cities to build a municipal gas works and establish water works. Alexandria capital assisted the building of one of the first railroads in "the fifties," the Orange and Alexandria Railroad, also the Manassas Gap Railroad, both now a part of the great Southern Railway. My brother, Hugh Thomas Douglas, started as a rodman on the Orange and Alexandria Railroad, and he ran the preliminary survey of the Manassas Gap Railroad. What Alexandrians did in "the fifties" she can do now.

I propose that a promotion company be organizsd, with the double purpose of booming Alexandria and of laying the foundation of an iron and coal company to get control of and work the iron ores and coal in the iron and coal territory tributary to Alexandria, as a means to the end of assisting your city to expand to those proportions which nature and her relations to the Capital city eighty millions of people entitle her to grow.

Hundreds of thousads of acres of coal and iron ore lands are available for such a corporation; though a good start may be made with a less acreage, and growth can come as development and demand need it. This growth may reach giant proportions providing the management is wise and energetic. Therefore, such a promotion company may finally mean to Alexandria and to the promotors proportionatly what the Equitable Insurance Company means, with its four hundred million assets, to Thomas F. Ryan, J. P. Morgan and others in their giant industrial enterprises. It can become the heart, the circulating medium to the development of the coal and iron ores now lying tributary to Alexandria; and the dollars coined out of these raw materials will naturally aid directly great industries in and around Alexandria, while directly the work of such a company will in other ways assist the city, as noted in my letters.

I will not go into details in regard to this promotion company in this letter. I state that I think I have worked out a comprehensive plan therefor.

We may expect some to say "It can't be done." "Where there is a will there is a way." I have the will and I propose to mark out a way and find the way. I know the great possibilities of such an undertaking, I also know the great obstacles to be overcome. the greatest being a good start; but believing I have the knowledge and ability to answer all critics and objectors and to build up a giant company in due time I tackle the work trusting in myself and Almighty God and in Alexandria, the home of my father.

Respectfully yours,
W. G. DOUGLAS.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Virginia's Mineral Output.

It is estimated that the total value of the mineral output of Virginia this year will reach $80,000,000. This estimate is based on the figures for 1905, which have just been compiled by the geological survey, and which show that the value of all minerals brought to the top of the ground in Virginia in that year was $21,751,986.

The following table gives the value of each kinds of minerals produced in Virginia in the year 1905. Barytes, $278-378; clay products, $1,994 578; coal, $3,777,326; coke, 2,869,452; coal tar, $21,152; gas, illuminating, $485,368; gas coke, $116,879; gold (mines report) $4 982; iron, pig $7,540,000; lime, $394-434; magaganese, ores, $35,209; millstones, $8,186; mineral waters, $549,-102; pyrites, $436,003; sand and gravel, $154,580; silver (mines report) $107; slate, $146,786; stone, $667,066.

Asbestos, cement, gypsum, iron ores, metallic paint, ochre, pottery, salt, sand-lime brick, talc and titanium, $2,530,-950.

The Virginia production of asbestos has increased immensely within the past twelve months, but the increase is not shown by the figures presented. The figures for the production of minerals in the State during 1906 will not be available for about a year.

Growing Girls

Growing girls need care, advice and medicine, especially on reaching the age of puberty. A mother's tender care and words of caution will often accomplish wonders. As for medicine, a gentle, safe and reliable strengthening tonic is Wine of Cardui,

It will prevent and relieve pain, regulate the functions, clear the complexion and strengthen the constitution.

It is a valuable medicine for growing girls. It has tided thousands over a critical period, and saved them from years of suffering. It can never do harm and is sure to do good.

A relief or cure for all female disorders in girls and women.

At every druggist's in $1.00 bottles. Try it.

CANDIDATES.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

I hereby announce my candidacy for the democratic nomination for Congress from the Eighth congressional district, and in so doing desire to say that if chosen at the forthcoming primary it shall be my constant aim and endeavor to represent faithfully the interests of the entire district.

In the course of the campaign I shall endeavor to address and meet as many of the voters as possible in order that we may get better acquainted with each other. I earnestly solicit the support of my fellow democrats. Respectfully,

ma21 tf C. C. CARLIN.

TO THE VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT:

Having determined to become a candidate for the democratic nomination for Congress from the Eighth Congressional District, I respectfully solicit the support of the democratic voters of the district at the primary election to be held June 19th, 1907. If the people of the district shall deem me worthy of the high honor of bearing the democratic flag in the contest for Congress it shall be the ambition of my life to prove worthy of their confidence and support. Respectfully,

ap6 td R. L. GORDON, Jr.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

In a card addressed "To the People of the Eighth Congressional District of Virginia," and published in the press of the district and otherwise, I have heretofore announced my views on the questions of moment which now concern the public.

Adopting that card as a part of this announcement, I now formally announce myself a candidate for Congress from the Eighth congressional district of Virginia, subject to the action of the congressional primary to be held Wednesday, June 19th, 1907.

In the event that I shall be nominated and elected, it will be my earnest desire and ambition to be of service to my district, State and country, and to faithfully represent every interest, and to justify, by every exertion in my power, the confidence reposed in me and honor conferred on me by my fellow democrats. Respectfully,

THURSDAY EVENING, APRIL 18, 1907.

NEWS from home, and though belated, of a startling nature, comes in a dispatch from Berlin, which says:

One of the few Germans who served in the Confederate army during the war of the rebellion was Col. Heros von Borke, who died recently. Apropos of this, a Berlin weekly prints the hitherto unpublished statement that had the South been successful Prince Frederick Charles von Hohenzollern would have been invited to be king of the southern monarchy. Gens. Stuart and Lee are said to have favored the prince, and the prince himself knew of the plan. Prince Frederick Charles was a friend of Stuart and had a picture of the southern general above his writing desk.

Why, this is too ridiculous to be dignified by a denial. Besides, Von Borke died several years ago.

OWING to the increasing public anxiety on account of the daring of the Paris hooligans, and the frequency of attacks with knives and revolvers, M. Lepine, Prefect of Police, has addressed a circular to commissaries in the Department of the Seine, reminding them that the carrying of prohibited weapons is an offense against the law; and must be sternly suppressed. Sir Howard Vincent M. P., interviewed by a French journalist, says his experience is that the only effective way of dealing with the hooligans is a liberal use of the lash. The English are sensible people and Sir Howard's method of punishing violators of the laws is the best yet devised. It is not only a remedy but a preventive.

WORKMEN recently discharged from Woolwich arsenal in England, will march on the Houses of Parliament on the 22d inst. with bands and banners, to impress their grievances upon the government. War Secretary Haldane's scheme for reducing the military expenditures has brought about the conception of this ominous protest. There has been much pacific "talk" in the Peace Conference in New York during the past few days, Ambassador Bryce being one of the foremost speakers, while conditions in his own country show that men are still far from the soon when they shall beat their swords into plow shares and their spears into pruning hooks.

THAT FROM $5,000,000 to $7,000,000 out of a total of $9,000,000 for finishing the new Pennsylvania Capitol was paid fraudulently to the chief contractor is shown by the evidence thus far produced before the investigating committee at Harrisburg. The lowest profit upon these transactions was found to be 300 per cent. Other men did the actual work and supplied the materials, after which the contractor and the architect multiplied the cost from 4 to 40 per cent. The thieves who thus robbed the Pennsylvania treasury were the boldest of their day and generation and so far none of them is in the penitentiary.

PROF. BEHRING, the famous Berlin specialist on pulmonary diseases, is quoted as opposing the Pasteur system of purifying milk. He condemns also the sterilization of milk and the boiling of water to render them innocuous. He says that boiled milk is unsuitable food for infants, and that the boiling of water kills the elements intended by nature for the making of bone and sinew. True protection for those who use the milk of cows, in his opinion, is the production of healthy cows. The conclusions reached by Prof. Behring seem to be on common sense lines.

ON the 11th the Department of Agriculture reported that the indications pointed to the biggest crop of winter wheat ever raised here, a crop that made a good European demand very desirable. A few days later news came that the European crop prospects were also good. For a moment there was apprehension that we might have surplus wheat, but almost immediately came information that the green bugs were eating up the wheat, and the supply may be expected to be reduced to meet the demand.

PEARY'S methods of discovering the pole are better adapted to commercial uses than Wellman's. It is announced that Peary will be accompanied on his start for the north with a steamer carrying fifty excursionists. Wellman goes in a balloon, and can't be accompanied by an excursion party. The Philadelphia Record says it was mistakenly supposed that the business of promoting summer trips to the pole would await its discovery.

THE UTAH SENATE has passed a law making bridge whist a crime. This, says an exchange, is only an official confirmation of your private opinion of your partner's game.

First Lieutenant Louis F. Buck, of the artillery corps of the army, has been dismissed as a deserter, by direction of the President, he having been absent from his post of duty at Fort Monroe three months without leave. Lieutenant Buck was a personal appointee of President Roosevelt, he having been appointed at large as a first lieutenant in the artillery corps, August 22, 1901.

From Washington.

Correspondence of the Alexandria Gazette.]

Preparations are being completed for the participation by government officials and members of the diplomatic corps in the opening of the Jamestown Exposition April 26. Nearly every embassy and legation in this city has accepted invitations to be guests of the Ter-Centennial commission on the trip from Washington to the exposition and return. The party, which will number more than one hundred, will be personally conducted by Huntington Wilson, third assistant Secretary of State. The trip will be made on the steamer Newport News. In their official capacities as members of the commission, will be Secretary Cortelyou, and possibly Secretary Metcalf. The boat will leave Washington at 6 o'clock on the evening of Tuesday, April 25, and arrive at Hampton Roads early next morning, shortly after the arrival there of the Mayflower, bearing the President and his party. The list of the President's party has not yet been announced. Owing to the limited accomodations on the Mayflower, the number will be small. According to act of Congress Admiral Evans will have $100,000 at his disposal for entertaining the visiting navy officers and sailors, while Gen. Grant will have $25,000 for the officers and men of the foreign armies.

It is understood that the peace conference between the Ministers of Foreign Affairs of Nicaragua and Salvador is in session today at Amapala and the representatives here of all of the five Central American republics are awaiting the outcome with eagerness. Minister Mejia, of Salvador, and Minister Toledo, of Guatemala, called at the State Department today but they brought no news and were looking for information. Both of them declared that their governments were willing and anxious to take part in a subsequent conference to be held here in Washington for the purpose of establishing permanent peace relations between all of the Central American States. Whether such a conference will be held and when, and whether it will hold its sessions in this city or at some place in Mexico, will depend largely upon the results of the present meeting of the representatives of the two recently belligerent republics at Amapala.

U. S. Senator Elkins, of West Virginia narrowly escaped arrest this afternoon as the suspected pal of an alleged female shoplifter. A detective in plain clothes had Mrs. Edna West, of New York City at the patrol box in the shopping district. She was struggling fiercely in the presence of almost a thousand excited shoppers. The Senator notwithstanding the case, roundly upbraided the officer, not knowing him as much. The latter reported in turn and would have nabbed the Senator had not some one given him a hunch. The woman is at the House of Detention, but the pocketbook, which she alleged to have stolen, couldn't be found.

The census bureau has completed figures showing the increase in population in all of the States in the union since 1900 and some interesting comparisons are made. In five years Virginia increased her population from 1,859,184 to 1,958,384—being a gain of 99,100.

Judge Nicol, one of the candidates for Congress from the Alexandria district, met a number of friends from throughout that district at the Metropolitan Hotel, in this city, yesterday evening, and from them received most encouragieg reports as to his strength in the several counties.

Senator Elkins of West Virginia called at the White House to present the name of a candidate for the vacant internal revenue commissionership. "My State is for Roosevelt, of course," said Senator Elkins, "but he says he'll not run. Second choice? Oh, no, I haven't any idea who would be the second choice of the State. Taft? He'd make a mighty good President if he were elected." The Senator said he did not dare announce the name of the man he is backing for internal revenue commissioner, because it would make him a "whole lot of trouble" in his State.

Rev. Oscar J. W. Scott, pastor of the African Methodist Episcopal Church, on M street, near Sixteenth street, this city, has been appointed a chaplain in the army by the President to fill the vacancy created by the retirement, on account of age, of Theophilus G. Steward, chaplain of the Twenty-fifth Infantry. Whether Rev. Scott will be assigned to the Twenty-fifth Infantry is not yet known. There are at present four colored officers in the army, aside from the three chaplains.

Governor Hagerman, of New Mexico, has resigned and the President has appointed Captain George Curry, now governor of Samar Province, P. I., to succeed him. Governor Hagerman's resignation was "by request" and is the direct result of the charges preferred against him by various influential personal and corporations of the territory.

Dr. Edward Leon Thompson, generally known as Dr. Leon was found guilty in the Criminal Court this afternoon of having performed an illegal operation upon Sadie Zolk.

General Hospital Board.

The General State Hospital Board of Virginia in session at the Central State Hospital in Petersburg, yesterday, unanimously re-elected the following superintendents of the four State hospitals: Eastern Hospital, at Williamsburg, Dr. O. C. Brunk; Western Hospital, at Staunton, Dr. J. S. Dejarnette; Central, at Petersburg, Dr. W. F. Drewry; Southwestern, at Marion, Dr. A. S. Priddy.

Quarterly reports from all four institutions showed excellent conditions and such effective co-operation that not one insane person is now confined in any jail in Virginia awaiting transference to a hospital.

The total number of patients now in the four hospitals is 3,193, of which number 1,196 colored patients are in the Central, 364 are on furlough and 225 were received during the last quarter. After a thorough inspection of every department of the Central, the board passed resolutions highly commending the management and present condition of the institution, under Dr. W. F. Drewry.

The board appointed four of its members to serve on a committee of arrangements at the Convention of the National Association for the Care and Treatment of Epileptics, which meets in Richmond next October. The superintendents of the four hospitals will be sent to the meeting of the Medico-Psychological Association in Washington next May.

News of the Day.

Rev. Tennis S. Hamlin, of Washington, died at Hahnemann Hospital, New York, at midnight last night, of apoplexy.

John P. Dunning, well known in newspaper circles throughout the country, died yesterday in a hospital in Philadelphia, of tumor on the brain. He was 44 years of age.

Losses on the race track are given as the reason in New York, for the suicide of a man supposed to be J. Richmond, of Boston, whose dead body was found today at the Broadway Central Hotel. A bullet in the right temple had ended the man's life.

The answers of all the defendants in the suit to force the leaders of Christian Science churches to account for the property of Mrs. Eddy as filed not only deny most of the allegations of the plaintiff, but declare that the action is not brought in good faith.

Because he refused to go on strike, Edward F. Fago, a car cleaner, employed by the Chicago and Northwestern Railroad, at Chicago, was hit on the head with a brick last night and then jumped on and kicked by three men. He died a short time after.

No sign of a let up in the dead lock over the United States Senatorship developed at the republican caucus in Madison, Wis., last night. The meeting adjourned with practically no change in the situation. There is some talk of Governor Davidson as a compromise candidate.

"Doctor" John Sinclair is not guilty. The fourth trial of this now famous man came to an end in Boston today when Judge Brown opened the sealed verdict found by the jury yesterday afternoon. Sinclair was charged with causing the death of Annie M. Russell, by means of a criminal operation on February 4, 1906.

Virginia News.

The house of Lewis Russell, in Loudoun county, Va., near Harper's Ferry, was destroyed by fire Tuesday night.

S. R. Reed, a farmer of Clarke county, died suddenly Tuesday at his home near Mount Airy, aged twenty-five years.

Mr. George W. Plummer and Miss Helen Patterson Venable were married yesterday at St. Paul's Church, Petersburg.

The Jamestown Exposition management announces that the Fair will be open continuously after the opening day, April 26.

The decision of the Virginia Corporation Commission to reduce freight and passenger rates is expected within the next week.

Benjamin F. Barton, of Bluemont, and Miss Sadie Frazier, daughter of Henry Frazier, of Trappe, Fauquier county, were married yesterday afternoon in Leesburg.

Miss Anna Preston, daughter of Mrs. Robert Preston, of Leesburg, and Dr. Fraser Wilson, of Charleston, S. C., were married yesterday in the home of the bride's mother in Leesburg.

The $25,000 worth of bonds recently voted for by Orange county for road improvement in Madison magisterial district were sold there yesterday to the Citizens' National Bank for $25,167.

The twenty-fifth session of the Grand Council, Royal Arcanum of Virginia, which convened at Danville, Tuesday, came to an end yesterday. The next meeting will be held in Richmond, April 21, 1908.

The Daughters of the American Revolution at the morning session of their congress in Washington yesterday, dedicated the south portico of Continental Hall, and the 13 columns to be erected thereon. These columns have been given by the chapters of the states, the 13 original state columns occupying the south portico.

The ceremony was short, but impressive, Dr. Needham of the George Washington University making the dedicatory address. When he finished Mrs. McLean stepped forward and said:

"I hereby declare this portico to be dedicated to the revered and grateful memory of the historic past, and to the patriotic purposes of the future."

The afternoon session was devoted to the announcement of the contributions from the various State chapters towards the fund for the State columns, the Continental Hall fund, and the various State rooms and the furnishings for the hall. More than $25,000 in cash was turned into the coffers of the society when the collection was taken. Repeatedly throughout the collection the convention cheered Mrs. McLean for the work which she had done.

Today's session will be given over to the semi-annual election. Mrs. Donald McLean, of New York and Maryland, will undoubtedly be elected by a large majority. There has been some opposition, but it has not crystalized and shows little strength.

Virginia's contribution was $115. The National Society of the Children of the American Revolution, a kindred organization, which is also holding its annual convention in Washington, made its annual pilgrimage to the tomb of George Washington, at Mount Vernon, today. Mrs. Fred T. Dubois, of Idaho, national president, requested many of the Daughters of the American Revolution to accompany the children on their trip. The exercises of the day were held about the tree planted by members of the society several years ago, and a wreath was placed on General Washington tomb.

The weather was cold again last night and frost could be seen this morning. The temperature moderated somewhat during the day, although the wind at times was brisk from the northwest.

A RAILROAD COLLISION.

A railroad collision blocks traffic and ties up the road, interfering with the proper operation of the system on which it happens just in proportion to the gravity of the accident. Something very similar has happened inside the human body when constipation manifests itself. The proper operation of the human system is interfered with and comfort and health suffer in proportion to the gravity of the case. Chronic constipation is a serious condition with which medical men frequently have to deal, and they recognize the fact that its permanent cure demands the restoration of elasticity and strength to the muscles that control the bowels. To accomplish this physicians of the better class are now using with much success a preparation of 1-2 oz. Fluid Extract of Senna, 1-2 oz. Rochelle Salts, 1 oz. Aro-Segrada, 30 grains Bicarbonate of Soda, 1-2 oz. water and 1½ ozs. Glycerine. A dose of a teaspoonful of this is administered at bedtime and before each meal, the treatment being continued until there is free movement of the bowels. The prescription can be compounded by any good pharmacist.

PEACE CONGRESS ADJOURNS.

The national arbitration and peace congress in New York yesterday adopted its platform or resolutions, recommending among other things that the Hague conference shall hereafter be a permanent institution; that the Hague court shall be open to all the nations of the world; that a general treaty of arbitration for ratification by all the nations shall be drafted by the coming conference providing for the reference to the Hague court of international disputes which cannot be adjusted by diplomacy; that the United States government urge upon the Congress action looking to the limitation of armament; that the conference extend to private property at sea, immunity from capture in war. The resolutions speak highly in praise of President Roosevelt, Secretary Root and the prime minister of Great Britain for the stand they have taken in favor of a settled policy of peace among the nations.

In discussing the Hague resolutions Mr. W. J. Bryan was very brief

"I came here to see that the one idea which I regard as the most important of all was carried out, and that was that all disputes not subject to adjustment by diplomacy should be referred to international arbitration. This has been incorporated in the resolutions just as it was adopted by the Interparliamentary Union in London last July, when twenty-six nations were represented. I regard this as a long step toward the elimination of war.

"There is one other subject which I would have been pleased to see incorporated in your resolutions, but which the committee has not deemed wise, and that is that the time has come when the lending of money to a belligerent by a neutral state should be regarded as being as objectionable as the furnishing of powder, shot and shell. It is all wrong to say that powder, lead and shell are contraband, and then to allow the money lenders to furnish the means of buying the things that are forbidden. It is a wrong principle which allows a few money lenders to profit by the distress of nations."

The Congress came to an end last night, after a three-days session, with two large banquets—one at the Hotel Astor and the other at the Waldorf-Astoria. The event of greatest interest was the decoration of Andrew Carnegie with the cross of the Legion of Honor by the French government, represented by Baron d'Estournelles de Constant, in appreciation of his work for peace and his gift of the palace at The Hague.

At the final official session of the peace devotees in Carnegie Hall in the afternoon Mr. Bryan, who had been reserved as the last speaker, raised the entire audience to its feet and swept every person in the great hall into a clamorous pledge for peace on earth, good will toward men.

Among other things he said: "One of the things I hope to see in the Hague conference is the making of money contraband. I want to see that body so fix it that the financiers of one country cannot wax fat over the misfortunes of another country.

"If this country does nothing else at The Hague conference, I am glad it has the courage, through this congress, to express itself in the principle that the taking of a human life shall not be begun until the world shall have been informed of the high crime for which that person's life is forfeited.

"Other nations may be surprised at the fact that we have doubled our army and increased our navy by one-half within the last ten years; yet we are not surprised when we hear that our President is spoken of the world around as the greatest advocate of peace in the world. This may seem to present an inconsistency, but inconsistency will fade away when we get the broader view of things."

The final session of the congress had opened with a packed hall. When Mr. Seth Low stepped forward to open the meeting he announced that Richmond Pearson Hobson and Mrs. Helen Beach Tillotson, representatives of the Daughters of the American Revolution, at present in session at Washington, desired to come before the meeting to make the donation of a gift to one who had been highly instrumental in furthering the peace movement.

Then Mr. Hobson made a speech in which he said that he and Mrs. Tillotson had been delegated to come up to the peace congress and present to Mr. Carnegie the two crossed peace flags that had been hanging over the back of the stage just under the legend "Peace."

Mr. Carnegie made a fitting response. A number of other speeches were then made.

At the banquet last night Ambassador Bryce, of Great Britain, said: "The press is what the people make it. Every nation has just such newspapers as it deserves. The blame (for war) after all rests with the people themselves, who lose their heads under excitement. They can resist everything except temptations."

"Reduce the pride which every State feels in having enormous military and naval forces—a pride which necessarily draws with it the temptation to use the armaments which it has taxed itself so heavily to maintain.

"Such a congress as this may do something to form opinion in the masses of a nation and to bring home to every citizen the sense of his own responsibility for the removal of this oldest evil of humanity. The older the evil is, and the more ingrained it is, the longer it must take to remove."

The famine relief committee is feeding 400,000 persons in China and will continue to feed about that number until June.

Letter to George Auld,

Alexandria, Virginia.

Dear Sir: What will it cost to sow ten acres half wheat and half daisy mixed? and what'll the crop be worth?

We don't know what daisy-seed costs, nor how bulky it is; we suspect half wheat and half daisy would make a big crop of daisies, and last a long time; the wheat might be short.

The parable throws some light on the cost of paint half whitewash. Whitewash, mixed half and half with paint, is all paint in look and feel; indeed nine-tenths of the "paint" in the stores is part whitewash: some half, some more, some less.

Paint has to be spread with the brush, the surface prepared, the ladders scaffolds pulleys and ropes arranged and moved, there's a great deal of labor in putting paint on; it costs $2 to $4 a gallon to do it.

What does it cost to paint whitewash? Just the same. Half-whitewash? Just the same. It doesn't seem worth while, for the whitewash does harm, not good.

Will the paint hold the whitewash fast? or the whitewash loosen the paint?

Better paint pure paint, the least-gallons paint, the least-money paint, Devoe.

Yours truly,
F W DEVOE & Co.

Today's Telegraphic News

D. A. R.

Washington, D. C., April 18.—The election of officers was the principal feature of today's session of the annual Congress of the Daughters of the American Revolution. The opposition to the administration of Mrs. Donald McLean, president-general, which certain factions in the District of Columbia and New York State stirred up early in the sessions, has not gathered sufficient impetus to lead to an open fight against her personally. Mrs. McLean is to be reelected, but on candidates for the other offices there will be a warm contest.

The balloting will proceed throughout the day, results to be announced at tonight's session.

Mrs. Eleanor Washington Howard, of Alexandria, Va., was nominated in opposition to Mrs. Donald McLean for president-general. Mrs. Howard's nomination was unexpected although her name had been mentioned for some time. The wildest enthusiasm greeted the nomination of Mrs. McLean. Plainly a majority of the delegates rose to cheer her name, the members who crowded the gallery and stood in the aisles joining in the demonstration. Seconding speeches were made by representatives of nearly every State. Less than eleven States endorsed the nomination of Mrs. Howard. Mrs. McLean was endorsed by thirty-seven States, many of them unanimous. When Mrs. Perry, of New York, announced "In behalf of a majority of the delegates present" she seconded the nomination of Mrs. McLean, a half dozen or more delegates from New York jumped to their feet with cries of "No!" "No!" and afterwards gained the floor to deny that Mrs. Perry spoke for a majority and to second the nomination of Mrs. Howard. In seconding Mrs. Howard's nomination Mrs. M. E. S. Davis, of the District of Columbia, asked the delegates to vote for Mrs. Howard as the nearest living descendant of George Washington. The house was thrown into an uproar by a number of daughters shouting "He didn't have any children."

Thaw's Counsel.

New York, April 18.—The squabble over Harry Thaw's counsel for his next trial apparently has been partially adjusted through the continuing of Clifford W. Hartridge and A. Russell Peabody as his attorneys of record. A new senior counsel to have charge of the court hearing is expected to be named. So far, there are only rumors as to who this trial lawyer will be.

Hartridge today refused to comment on the letter he received from Thaw asking his firm to continue as attorneys of record, but Mr. Peabody said a statement might be made later.

Roger O'Mara, the Pittsburg detective who has had charge of the outside work for Thaw, paid a hurried visit to the Tombs this morning, having been summoned by a telegram saying Thaw wished to see him for an hour's conference. When O'Mara reached the prison he found Peabody already with Thaw. The detective left, saying he would return in the afternoon.

Peabody's conference with Thaw lasted over an hour. He would not talk about their discussion when he left the prison.

It became known today that Dr. Smith Ely Jelliffe, one of the alienists who appeared for the defense in the recent trial, had paid a visit to Thaw with Peabody last night, remaining nearly two hours. Dr. McGuire, the regular prison physician, was ill yesterday and it was reported Thaw had been obliged to call in a private physician because he was sick. This was denied, however, and the explanation was made that Thaw merely wished to talk with the expert about his case.

Attorney Hartridge today issued the following statement as to his present status in the case. It reads:

"I regret that there is a misunderstanding in regard to Mr. Thaw's letter of April 15. There is an impression that I senior counsel in the case which is absolutely unwarranted. My connection with the case is simply that my firm is retained as counsel of record."

To be Electrocuted Tonight.

Columbus, O., April 18.—At a few minutes after midnight tonight Dr. Oliver C. Haugh, who is now spending his last day on earth in the annex of the penitentiary, will be electrocuted for the murder of his father, mother and brother at Dayton on the night of October 4, 1905. His case has been taken from court to court and has been reviewed by the Board of Pardons and Gov. Harris, all of whom decided against him, and he must pay the extreme penalty of the law. Dr. Haugh was at one time a respected physician of Dayton, but in the course of his work he became addicted to the drug habit, and while under its influence became possessed of a mania for murder. After he drove his wife from home about two years ago, after an attempt to kill her, his downward course was rapid.

It is for the triple murder of his own kin that he must die tonight, but since his trial and conviction at least half a dozen other atrocious murders in Chicago and other cities have been traced to his hand. His lawyers have made every effort to save his life on the plea that he was insane and was twice committed to the Dayton Hospital, but it was shown that when not under the [illegible] drugs he was [illegible] annex at the p[illegible] ed man has sp[illegible] his cot, sulky a[illegible] to say to any [illegible] spiritual advise[illegible] meals.

Collapse of Strike.

Paris, April 18.—The strike of waiters in Paris has about collapsed today, although last night when the waiters in a score or more of the cafes and restaurants walked out, it looked for a time as if the strike would be a serious one. Today many of waiters who obeyed instructions to walk out are back at their posts, and it is expected many more will return to work before evening. The scenes about the popular cafes and restaurants are the same as usual, today, although a few of the eating places are still inconvenienced. There was a slight outbreak at the noon hour. Strikers attempted to interfere with some of the Boulevard restaurants while the managers and errand boys were acting as waiters. It was necessary to call in the police at several cafes to quell the strikers who became riotous. At the Grande Taverne all the waiters tore off there aprons during the middle of luncheon and left the tables crowded. The proprietors of several restaurants, anticipating trouble, called their waiters together and told them all demands would be granted.

There were several serious clashes today between workmen and strikers at the various sugar refineries in the city. Fourteen hundred workmen decided to strike today. Many attacks were made on workmen who refused to join in the walkout. It was necessary to call in the police to disperse the strikers. A dozen arrests were made during the day.

Echoes of the Peace Congress.

New York, April 18.—Feeling fully satisfied with the accomplishments of the Carnegie Peace Conference, which closed its three days' session with a banquet at the Hotel Astor and the Waldorf Astoria last night, delegates to the peace meeting today were preparing to depart to their homes.

With one voice the delegates and visitors declared their belief that the Congress would have great weight with the coming Hague conference to show that the United States is strongly in favor of steps being taken to bring about international peace.

The conferring of the Legion of Honor decoration on Andrew Carnegie at the Hotel Astor banquet last night, by Baron d'Estournelles de Constant greatly pleased the peace delegates as they asserted that Mr. Carnegie's efforts in the cause of peace fully merited the honor.

One noticeable feature of the recent congress was the number of new members enlisted in both the national and New York peace societies. With the impetus given the peace cause by the congress, members predicted that the agitation for the cause will be continued with renewed energy. Plans for the next national congress are already being discussed and it is planned to make it an even greater success than the meeting just held.

The Missing Boy.

Dover, Del., April 18—"I believe that State detective Frank J. Lore, of New Jersey, who was here Monday night and Tuesday, could deliver the entire Marvin kidnappers case to the grand jury here next Tuesday or in four working days," said Adolph Synder, who accompanied Mr. Lore in his work in the sensational Delaware case, yesterday. Mr. Lore came to Delaware to confer with Governor Lea because the Governor and Secretary of State Capali were first considering the engagement of outside detectives. Mr. Lore was one of the first to be called up on the telephone. The matter at once interested him and he went to work on the case with the result that he now believes he can apprehend the kidnappers in short order. Lore has gone back to his Jersey home, but may be recalled by Governor Lea after a conference with the authorities and detectives now here.

Cambridge, Md., April 18.—It is reported here that Horace Marvin, jr., son of the Kitts Hammock, Del., physician, has been located at a spot near here on the Nanticoke river. The police have left for the scene and expect to have the boy safe before nightfall. The report appears to be well founded.

Royal Visitors.

Gaeta, Italy, April 18.—King Edward and Queen Alexandra, of England, arrived here today aboard the British royal yacht Victoria and Albert for their visit to the Italian king and queen. While ostensibly the visit of the English monarchs is only to return the visit paid to London by the Italian rulers, all Europe regards the meeting of the two monarchs as of great political significance. It is more than possible that their conference will have an important bearing on the coming Hague Congress. England is regarded as trying by diplomatic means to detach Italy from the triple alliance and Edward's visit is an important step in carrying out the scheme. The breaking of the "Triplic," would further isolate Germany.

King Victor Emmanuel visited King Edward on board the Victoria and Albert, where the monarchs held a long private conference. While the rulers were conferring Sir Charles Hardinge, British under secretary of foreign affairs, had a long conference with Signor Tittoni, the Italian Foreign Minister.

Alleged Black Hand Outrage.

Hazelton, Pa., April 18.—A Black Hand outrage was perpetrated in this place early today when the parochial residence of Rev. Yandola, pastor of St. Joseph's Catholic Church, was blown up by dynamite. The outrage was committed, it is believed, for the purpose of killing the priest. The house was badly wrecked and the shock threw the clergyman out of the bed. None of the inmates of the house, however, were seriously injured, although the charge of dynamite used was heavy. Several weeks ago the clergymen received a Black Hand letter threatening to blow up his house and kill him unless he left the city. He made the letter public, and tried to apprehend the writer. After the explosion neighbors saw two men running away from the scene. There are two factions in Rev. Yandola's church who have been warring for several months, and the priest is very unpopular with one faction who desire his removal.

The Late Dr. Hamlin.

New York, April 18.—The body of the late Rev. Tennis S Hamlin, pastor of the Church of the Covenant, Washington, who died suddenly in this city last night, will be shipped to Washington late this afternoon. Dr. Hamlin had been here attending the Carnegie Peace Congress. He was stricken with apoplexy yesterday afternoon while in the office of his son, Elbert B. Hamlin, a lawyer at 59 Wall street. The aged minister was hurried to the Hahnemann Hospital where he died at 11:50 last night. Dr. Hamlin had been in apparently good health up to the moment he suffered an apoplectic stoke, and had attended practically all the sessions of the Peace Congress. The remains will be taken to Dr. Hamlin's home in Washington, and the funeral will occur on Sunday from his own church. A second son, Francis D. Hamlin, a student at Yale, survives him.

Fighting in Lodz.

Lodz, April 18.—Fighting between socialists and workmen in various factories has been in continuous progress here for forty-eight hours. Twenty-three casualties have been reported. Little or no efforts has been made by the authorities to end the riots and street fighting has occured at infrequent intervals. The socialists have declared that no workmen shall labor in the factories and fighting has followed their efforts to carry out their edict. In some instances the police have stood calmly by watching encounters in which men have been killed. Every hour the situation is growing worse owing to the inactivity of the police as the socialists are growing bolder and it is feared a general outbreak may follow.

President Roosevelt Denounced.

Chicago, April 18.—President Theodore Roosevelt was denounced at a meeting of the Haywood-Moyer defense conference last night. The committee appointed to draft a letter addressed to the President reported, and a letter was adopted and ordered sent. The letter pleaded with the President to set himself right by furnishing correct data as to whether he ever said that Haywood and Moyer were undesirable citizens. It asked for courteous treatment and a speedy reply carrying a threat that if an answer was not forthcoming the President might expect to receive a second letter of denunciation.

Earthquake Fatalities.

Mexico City, April 18.—Estimates based upon the latest figures from towns in the earthquake district place the number of fatalities in the recent earthquake at 600. No definite figures are given as to the injured, but there is little doubt that several hundred persons were badly hurt. These estimates do not take into account isolated deaths in many small villages which are almost inaccessible. It is unlikely the full list of casualties will ever be known.

Charges Against a Judge.

New York, April 18.—The Brooklyn Bar Association today secured an order against Justice Fitzgerald of Special Sessions in Brooklyn to show why he should not be disbarred and ousted from office. Fifteen charges are against him and are said to be of a sensational nature. Justice Fitzgerald is of Brooklyn and is not the Justice who sat in the Thaw trial.

Sheriff's Charged with Manslaughter.

Marksville, Iowa, April 18.—Charged with manslaughter for their alleged carelessness in allowing a negro, Charles Strauss, to be lynched Tuesday, Deputy Sheriffs J. E. Keegan and J. J. Salomes have been brought here under arrest and placed under $700 bond each. Strauss was hanged to a tree in the woods near Eola, Iowa, where a crowd of masked men met the deputies as the latter escorted the negro to jail.

Dodge-Rockefeller Wedding.

New York, April 18.—The union of the millions of two of the wealthiest families of America as well as joining one of the two most popular of the younger members of the "Four Hundred" attended the marriage today of Miss Ethel Geraldine Rockefeller, daughter of Mr. and Mrs. William D Rockefeller, to Marcellus Hartley Dodge.

For this section fair tonight. Friday increasing cloudiness, probably followed by rain; light variable winds, shifting to easterly.

Aitcheson-Downham Wedding.

A very pretty wedding was solemnized last night at the residence of former Mayor E. E. Downham, when Miss Sarah Maude Downham, an only daughter, became the bride of Mr. Benjamin McKnew Aitcheson, master mechanic of the pattern shop, Washington navy yard. Stationed near the head of the staircase was Schroeder's orchestra, and to the strains of Lohengrin's march, the bride attractively gowned in white chiffon cloth over taffeta and carrying a shower bouquet of lilies of the valley and roses, entered the rear parlor on the arm of her father. Preceding the bride was her only attendant, Miss Elizabeth Simpson, an old school chum, from Dover, N. J., who wore German Valenciennes lace over messaline At an altar erected in the front parlor the bride was met by the groom and his groomsman, Dr. Wm. M. Smith. Rev. William J Morton, rector of Christ Church, officiated. The bride's only ornament was a pendent, two large aqua marine stones surrounded by diamonds and pearls, a gift from the groom. The presents were numerous and costly. At a late hour the party left for a northern trip.

Previous to the departure of Mr. and Mrs. Aitcheson some of their gentlemen guests proceeded in hacks to the old fair grounds where a carnival was in progress, conscripted the members of the brass band and conducted them to Mr. and Mrs. Downham's residence, where music was discoursed until the hour for the departure of the bride and groom, when they were escorted to the electric train by a large concourse of friends accompanied by the band. The guests and band went on to Washington with the newly-married couple and after bidding them adieu at the depot returned to Alexandria about midnight.

Beautiful Entertainment.

The Misses Norton, at their residence on Prince street, yesterday evening very charmingly entertained their friends at a beautiful tea, which was attended by fully two hundred ladies from this city, Washington and vicinity. The Misses Norton were assisted in receiving their guests by Mrs. Ferrell and Mrs. Sands, of Richmond, and Mrs. W. B. Smoot, of this city, and Misses Clarence Snowden, Ellen Fawcett, Bessie Jones, Ella Marshall, Ellen Herbert, Mittie Herbert, Dorsey Ashton and Carrie Stribling. The parlors were beautifully decorated, the color scheme being pink and green. At night the Misses Norton and their brother, Judge J. K. M. Norton, entertained a number of friends at a bridge whist party which was heartily enjoyed by all present. The games were well played and the winners were Mrs. S. G. Brent, Mrs. W. J. Boothe, Mr. S. G. Brent and Dr. T. B. Cochran. The booby prize was won by Miss Carrie Stribling and Mr. C. T. Smith.

To Build Freight Yard at Alexandria.

The Richmond-Washington Company, which owns the only steam railroad line between Washington and Richmond, and operates it in the joint interests of the Pennsylvania, Baltimore and Ohio, Chesspeake and Ohio, Southern, Atlantic Coast Line and Seaboard Air Line, has issued 4 per cent. collateral trust gold bonds, due 1943. The funds are to be used for the completion of the double tracking of the line and to complete the large freight yard near Alexandria. $2,000,000 of bonds have already been sold for that purpose. The entire issue is guaranteed by the six railroads above mentioned.

Arrival of the Lackawanna.

The ferry steamer Lackawanna, which is to run on the Alexandria and Washington ferry route within the next week or ten days, passed up the river about nine o'clock this morning. A description of the steamer has heretofore been published in the Gazette. The Lackawanna is longer than the Woodbury and Callahan, and has ample accommodation for teams. There is, however, no upper saloon on the boat, the passenger accommodations being in the side cabins on the lower deck. The steamer has recently been on the ferry route between Barclay street, New York, and Hoboken.

Police Commissioners.

A regular monthly meeting of the Board of Police Commissioners was held last night at which resolutions were adopted expressing regret at the death of President John T. Sweeney of the Board of Aldermen and the commissioners decided to attend the funeral in a body. The board met at the City Hall this morning at 9 o'clock, and proceeded to St. Mary's Chu

Funeral.

The funeral of the late John T. Sweeney took place from St. Mary's Church at 9:30 o'clock this morning, and was attended by city officials, members of organizations to which the deceased had belonged and many other friends and acquaintances. The seating capacity of the church was taxed to accommodate the large crowd. The services were conducted by Rev Father Patrick, and the pallbearers were Messrs. John T. Johnson, M. B. Harlow, W. H. Sweeney, G. L. Simpson, John McKenna, C. J. W. Summers, Hubert Snowden and E E. Downham. Solemn requiem mass was celebrated The floral tribute was beautiful. At the cemetery Rev. Father Kelly officiated. The bell in the City Hall was tolled while the cortege was moving from the residence on Columbus street to the church. Rev. Father Patrick in his sermon paid a fitting tribute to the memory of the deceased, calling attention especially to his services as a representative citizen, and to his work in behalf of his native city.

Fire in the County.

Two frame dwellings at Glen Carlyn, Alexandria county, one occupied by Mr. Frederick R. Perkins and the other by Mrs. Clarvo (the old Stockbridge house), were destroyed by fire between 3 and 4 o'clock yesterday afternoon. The fire is said to have been caused by a defective flue in the Perkins house. The neighbors succeeded in saving a good part of the contents of the buildings, but the loss is estimated at from $7,000 to $10,000, on which there was an insurance of from $5,000 to $6,000.

U. D. C.

At a meeting held at Lee Camp Hall yesterday evening by the Seventeenth Virginia Regiment Chapter, U. D. C., the following officers were elected: President, Mrs. G. L. Simpson; first vice president, Mrs. Wm. Ogden; second vice president, Mrs. C. M. Shepperson; secretary, Mrs. Geo. E. Warfield; corresponding secretary, Mrs. Walter McCaffery; treasurer, Miss Loula Smoot; historian, Mrs. Pauline Jones; registrar, Miss Bessie Green.

Presentation of a Jewel.

The twenty-fifth session of the Grand Council of the Royal Arcanum of Virginia, which convened in Danville yesterday, adjourned yesterday morning to meet in Richmond April 21, 1908. Past Grand Regent R. W. Arnold, of Alexandria, on behalf of the grand council, presented to retiring Grand Regent William M. Bickers, of Richmond, a handsome jewel.

Confederate Monument.

A Confederate monument will be dedicated at Batesville, Ark., on May 1st. The address will be delivered by Gen. J. H. Berry. Among the committee of arrangements is Mrs. Kate Hooper, well known to many of the older residents of this city and who, during the war, devoted most of her life to the cause of the Confederacy.

Prisoners Delivered.

John E. Murphy, deputy United States marshal, yesterday delivered to the authorities of this city two negroes, Henry Smith and James Nelson, recently convicted in the United States district court. The men were sentenced to serve six months each on petty charges, and Alexandria was named as the place of their confinement.

Fined Five Dollars.

Walter Todd was before the Police Court this morning, he having been arrested by Officers Garvey and Ferguson charged with assaulting his wife with a pistol. The case, however, resolved itself into one of disorderly conduct, and the accused was fined $5. This was the only case before the court.

Wants Divorce.

Mrs. Sarah Graham in Washington yesterday filed suit for a limited divorce from her husband, Charles W. Graham. The marriage took place in Alexandria January 20, 1887, and they have four children. She alleges that while under the influence of liquor on April 1 he threatened to kill her.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well" That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. S. Leadbeater & Sons, druggists.

Fishtown yesterday, weakened but little. Retail prices in market this morning were virtually unchanged from those which have prevailed during the past week or two.

LOCAL BREVITIES.

The Episcopal High School baseball team yesterday defeated the Technical High School, of Washington, 11 to 6.

Mr. Andrew J. Milstead who some years ago was a resident of this city, died suddenly in Baltimore on Tuesday. He was a brother of Mr. John H. Milstead, of this city.

Several young men charged with disorderly conduct at the corner of Fairfax and Wilkes streets, but who have been absent from this city were arrested today upon their return, and will be tried tomorrow.

Owing to the indisposition of Mr. Frank W. Christian, one of the attorneys in the case, the suit of the rival branches of the Junior Order of United American Mechanics on trial in the Chancery Court in Richmond, was continued yesterday until April 25th.

Will be a Grand Sight.

A feature of the naval participation in the opening of the Jamestown Exposition will be the simultaneous landing in boats at the exposition grounds of thousands of sailors and marines. Between 20,000 and 25,000 of them, it is expected, will launch boats at a given signal from the ships at anchor off the exposition grounds and pull for the shore with might and main.

Every band aboard ship and ashore will play the same air in unison. This, it is thought, will be one of the grandest and most inspiring spectacles connected with the exposition. The waters between the warships, perhaps between 40 and 50 of them, will be cleared of all other craft, and there will be nothing but a broad sheet of Hampton Roads water between the warships and the exposition shore.

England's Latest Fighting Ship.

The first of a new class of armored cruisers christened the Indomitable, was launched on the Clyde, Scotland, March 16. She is of 17,250 tons and 530 feet long, and is propelled by turbine engines, which are expected to give her a speed of twenty-five knots an hour. The armament includes eight 12 inch guns, almost equaling the main battery of the battleship Dreadnought. The Indomitable is the largest of the cruiser class in the world, and her cost approximates $8,720,000. Two ships of the same class are almost completed, which will be known as the Inflexible and the Invincible.

New York Stock Market.

New York, April 18.—The total sales of stock in the first hour today were less than they have been at times in one stock, in that period being only 85,000 shares. Orders to buy at the opening caused advances on the first sales which induced a little renewed bear selling, resulting in a moderate reaction in the more active issues. An upward movement started again and the majority of issues traded in moved up to levels from ½ to 1½ above yesterday's close.

AN ORDINANCE directing the Washington, Alexandria and Mount Vernon Railway Company to take up its rails now laid on King street, from the east crossing of Fayette street, west to the east crossing of Peyton street, and to lay groove rails and to grade and pave the space between said rails and two feet on each side thereof with vitrified brick on a six inch concrete base.

Whereas, the City Council of Alexandria, Virginia, has determined to have King street, from the east crossing of Fayette street, west to the east crossing of Peyton street, graded and paved with vitrified brick on a six inch concrete base; and,

Whereas, the tracks of the Washington Alexandria and Mount Vernon Railway Company occupy a portion of the said street as aboved described.

Section 1. Therefore, be it ordained by the City Council of Alexandria, Virginia, that the said Washington, Alexandria and Mount Vernon Railway Company is hereby directed and required to take up the rails now laid on said street as above described, within thirty days after notification from the City Engineer, and to put down on Lton tie plates, rails not less than 7 inches deep, to have a groove of the same dimension as the rails already laid on King street between the west crossing of Fairfax street and the east crossing of Royal street, and to have the space between said rails and two feet on each side thereof graded and paved with vitrified brick on a six inch concrete base, said grading and pav- to be done at the same time the adjoining above described is be- and with the same ma- under the supervision and the Committee on

The Ashton Pharmacy,

1120 KING STREET,

Alexandria, Virginia.

Having become the manager of the business heretofore conducted at 1120 King street, Alexandria, Va., under the name of "Entwisle's Modern Pharmacy," I have taken the management of said drug business, which in the future will be conducted under the name of "The Ashton Pharmacy."

I have an experience of 28 years in the drug business and mean to make this new enterprise an up-to-date and excellent pharmacy.

A specialty of fitting trusses and supporters and adjusting crutches will be made by me, I having been in that particular line for seven years with Messrs. E. S. Leadbeater & Sons.

I therefore respectfully solicit the public patronage for this enterprise and particularly that of prescriptions from physicians. My personal care will be given to prescriptions to insure accuracy and satisfaction.

Respectfully,

Earthquake Shocks.

As was stated in the Gazette, severe earthquake shocks were felt yesterday at Tortosa and at Murcia, Spain. Much damage was done, but no casualties have been reported. Tortosa is a fortified town in Catalonia, Province of Tarragona, 22 miles from the mouth of the River Ebro. It is built in terraces on an eminence above the river, and has a fine cathedral. The population in 1900 was about 25,000. Murcia is about 30 miles from Cartagena. The city, which is situated in an exceedingly beautiful valley, was formerly the capital of the Moorish Kingdom of Murcia, and is now the capital of the modern province of its own name. It has a fine cathedral, a number of colleges and extensive manufactories. The population in 1900 was about 110,000.

An earthquake shock was felt at Constantinople and in the suburbs at 4:30 yesterday morning. It was especially sharp in the upper part of the Bosphorus.

A dispatch from Askabad, Russian Transcaspian Territory, says that a severe undulatory earthquake occurred there at 12:25 p. m. yesterday and lasted five seconds. Askabad is the capital of Russian Transcaspian Territory. It is situated on the Transcaspian Railway, 290 miles south-southwest of Mikhailovsk, the seward terminus. Since the construction of the railroad Askabad has become an active commercial center. In 1897 it had a population of about 20,000, composed of Persians, Russians, Armenians, Kurds and Jews.

Germans Threaten War.

King Edward's approaching meeting with King Victor Emmanuel at Gaeta is attracting much attention in the German press, which comments on the event as being an effort to isolate Germany and win Italy away from the triple alliance. An article in the Cologne Gazette in this sense is being widely discussed, because it is believed to have been inspired from Berlin. The writer says public opinion in Germany sees in King Edward's course an attempt to disturb the European equilibrium which is calculated to awaken misgivings regarding his disarmament proposal, and, finally, warns Great Britain that "war with Germany would be dangerous for any opponent or any coalition of opponents." This sharp language is interpreted by the Tagliche Rundschau as meaning that the German government has grown weary of the "English game of hide-and-seek and the comedy of peace and disarmament."

At the foreign office in Berlin, when attention was called to the Cologne Gazette's article, it was stated that it expressed only the editorial opinion of the paper, that the German government was in no way responsible for such views and that the government officials would have taken steps to prevent their publication if they had been known in advance.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other.
